SATURDAY 6TH MARCH**

Welcome to the latest update of Fantasy Non-League 2020/21. Today's update covers the six-day period Monday 1st March 2021 through to Saturday 6th March 2021.

We are now roughly eleven weeks away from the end of the 2020/21 FNL Season. As each week passes, we are losing more and more games. All we have at the moment are the National League games and three more FA Trophy games.

So, who is leading the way at the moment in the main FNL 2020/21 League Table. In top spot is CHASING SHADOWS [S] with 6,596pts. They are only 1pt ahead of second placed HARRISON WBA [S] and 22pts ahead of third placed MAINE ROAD TERRAS [S]. The top ten clubs are covered by 241pts.

At the bottom of the table and the main contender for the wooden spoon £50 is

By Ian White

DEEJAY LOSERS who are on -1,065pts which I have to be honest is quite an incredible total. They are 215pts adrift from their closest rival BACK OF THE NET. The bottom ten is covered by 609pts which is quite a points spread.

Normally at this time of the season I am starting to think about any tweaks I can apply for next season's competition. I must admit I am quite pleased with the current set-up.

I have one change up my sleeve which I will keep to myself for now. I am open to any ideas from you my FNL family. If you have an idea then please get in touch with me via the FNL Helpdesk

Until next week keep safe and fingers closed things are starting to turn for the good. Let's hope so!!
