UPDATE**

**UP TO AND INCLUDING  
SATURDAY 10TH APRIL**

Welcome to the latest update of Fantasy Non-League 2020/21. Today's update covers the seven-day period Sunday 4th April 2021 through to Saturday 10th April 2021.

It has been a better ten days of April 2021 for our leading players. Top of the main FNL 2020/21 league table is Chasing Shadows [S] who was also one of the top scorers this week with 230pts. Our leader has reached the 7,000 mark, they have 7,446pts and they are 117pts ahead of second placed Maine Road Terras [S] and 269pts ahead of third placed Wandering No More [S]. The top twenty is covered by 652pts.

**By Ian White**

At the bottom of the table the wooden spoon cash is looking more and more as though it is going to go to DeeJay Losers [S]. They have -1,248pts and they are 167pts adrift from their nearest rivals Back of the Net [S]. The bottom twenty is covered by 842pts.

I have been asked by a couple of players, are Dover Athletic still being classed as the bottom club in the National League and the answer to that is yes. Even though their playing record for this season has been wiped clean, as far as the FNL 2020/21 world is concerned they are still being counted as the bottom club.
