SATURDAY 24TH APRIL

Welcome to the latest update of Fantasy Non-League 2020/21. Today's update covers the seven-day period Sunday 18th April 2021 through to Saturday 24th April 2021.

Just six days of the April 2021 FNL Manager of the Month to go and who is in the running for the top and bottom spot this month. It is looking likely that our winner won't even reach the 1,000pt mark this month.

Leading the way at the moment is MARINE SID CITY [S] with 725pts, they hold a 78pt lead over second placed CHASING SHADOWS [S] and are 120pts ahead of third placed MAINE ROAD TERRAS. The top ten is covered by 191pts and with so little points available for the remaining of the month I will be very surprised if there is much change.

At the bottom and in line

By Ian White

for the Wooden Spoon cash is HAVANT A CLUE 3 they are currently on -163pts and they are 61pts adrift from their nearest rival CLUELESS XI. The bottom ten is covered by 93pts, so a little tighter than the top of the table but with only the National League involved in the month of April 2021 I don't expect much to change in the final six days of the month.

I have been asked by a couple of players, are Dover Athletic still being classed as the bottom club in the National League and the answer to that is yes. Even though their playing record for this season has been wiped clean, as far the FNL 2020/21 world is concerned they are still being counted as the bottom club and they points still count.
