SATURDAY 25TH SEPTEMBER**

Welcome to another update of a new season of Fantasy Non-League. Today's update covers the period Sunday 19th September 2021 through to Saturday 25th September 2021. In today's update, as we approach the end of our first Manager of the Month awards we are going to see who is in the running for the first pots of cash.

So, with just five days left in the month of September 2021 we are fast approaching the awarding of our first Manager of the Month award of the FNL 2021/22 Season. This is of course a joint award for the months of August & September 2021.

Let's have a look at who is in the running for the first cash of the season. Leading the way is REAL ROTHWELL with 4,057pts. They are only 15pts ahead of second placed AFC JAGMAN and 22pts ahead of third

**By Ian White**

placed HAWKS B. The top ten is covered by only 128pts.

At the bottom it is even tighter. In bottom place is THE FAT RASCAL with -263pts and they are only 11pts adrift from DEEJAY LOSERS. The bottom five is covered by only 69pts.

So, with just five days to go and quite a few games still to be played before the 30th September 2021 it could be an interesting finish.

I did my first text update last week; this service is available to anyone that doesn't have any internet access at all, and I text out an update every three weeks. Now I need to concentrate on the first set of FNL Mini-Leagues. If you have asked me for an FNL Mini-League and haven't given me your list of teams yet can you do this as soon as possible.
