

Weekly update

Up to and including
Saturday 21st September 2013

Today's update covers the period between Sunday 15th September 2013 through to Saturday 21st September 2013.

In this week's update we take our first look at what teams in each of the seven leagues were your most popular and the teams that you all fancied the least. To start with today we will look at the Skrill Premier and the Skrill North. Top team in the Skrill Premier is Wrexham, 1,234 of you picked the Welsh side and they are the most popular team in the whole of the seven leagues. Second most popular is Luton Town with 826 of you grabbing the Hatters. Then third most popular is current leaders Cambridge Utd with 782 of you picking Richard Money's team. Now the team at the bottom of this league and in fact the most unpopular team in the whole FNL this season with only 31 of you choosing them is quite a surprise as while I write this they are currently 3rd in the Skrill Premier and that is Alfreton Town.

In the Skrill North your most popular club was Stockport County with 898 of you taking a chance on the relegated side. Second most popular was Guiseley with 726 of you choosing the Yorkshire team. Next and third most popular is AFC Telford Utd with a total of 579 of you choosing the Bucks. Finally at the bottom of the pile in the Skrill North is Workington with only 74 of you taking a risk on the Cumbrian side.

In next week's update I take a look at your favourite picks in the Skrill South and the Evo-Stik Premier and also take a look at who is likely to claim the first Manager of the Month of the FNL 2013/14 season.
