

Weekly update

Up to and including
SATURDAY 6TH SEPTEMBER 2014

Today's update covers the period between Sunday 1st September 2014 through to Saturday 6th September 2014.

As always in the first few weeks of the FNL season we start with an appeal, if you can't find your team or I have miss-spelt it please get in touch with the FNL Helpdesk (Not the paper please). This season sadly has seen a lot of incorrect entries; this has been caused by a slight mistake at the start in July and also by some of you not reading the rules fully. This season there are no wildcards, but we do still have 24 teams in each player's selection. The Mixture is split into 3 sections and you were supposed to pick two from each of those sections giving you 6 teams in total for The Mixture. I will be contacting you over the next few weeks if you know you only have selected 21 teams please contact the FNL Helpdesk preferably by e-mail. Can the following people please contact the FNL Helpdesk because I have no contact details for you. James & Dan Wyrill, John Gibson and D Harris. Finally please note all competitors must have 24 teams by Monday 29th September 2014 any that have not been in contact or I haven't been able to contact will have their missing teams picked by me.

Again this season I am offering both a Mini-league service and a FNL Text update.
Mini-League – Last season I ran 4 mini-leagues on my website, so if you are a group who are battling against each other within the FNL setup and would like to take advantage of this service please contact the FNL Helpdesk and it won't cost you a penny. The mini-league service appears every two weeks.

FNL Text Update – Of course I know that some of you have no access to the internet so I offer a FNL Text update service, I do it on a two week cycle and if you would like to take advantage of this service please again contact the FNL Helpdesk. (Please can you only ask for the Text service if you have no access to the internet).
