

# Weekly update

Up to and including  
SATURDAY 20TH SEPTEMBER 2014

Today's update covers the period between Sunday 14th September 2014 through to Saturday 20th September 2014.

Again this season I am offering both a Mini-league service and a FNL Text update.

Mini-League – Last season I ran 4 mini-leagues on my website, so if you are a group who are battling against each other within the FNL setup and would like to take advantage of this service please contact the FNL Helpdesk and it won't cost you a penny. The mini-league service appears every two weeks.

FNL Text Update – Of course I know that some of you have no access to the internet so I offer a FNL Text update service, I do it on a two week cycle and if you would like to take advantage of this service please again contact the FNL Helpdesk. (Please Note: Can you only ask for the Text service if you have no access to the internet).

Finally this week a quick mention about Darlington 1883. On Saturday 16th August 2014 the game between Darlington 1883 and Warrington Town was abandoned after 38 minutes with Darlington leading 2-0 because of an injury to the referee. The Evo-Stik League have now passed judgement on this game and the result stands. So Darlington 1883 have been awarded a further 17pts.
