

Weekly update

Up to and including
SATURDAY 21ST FEBRUARY 2015

Today's update covers the seven day period between Sunday 15th February 2015 through to Saturday 21st February 2015.

You are reading today's update on the first day of March. That means of course the February Manager of the Month has finished. In this update we still have seven days to run so let's have a look at who is in the running to take the February 2015 cash. Leading the way after 21 days of the month is JesusOfSuburbia who have 1,269pts and they are currently 33pts ahead of second placed Stripes United and 43pts ahead of third placed Azura. The top ten is covered by only 70pts and as always it will come down to who has the most league leaders come the end of the month.

At the bottom where of course £50 is up for grabs each month we have Helens BootX with 326pts they are 38pts adrift from their nearest rival Silly Sods. The bottom ten is covered by 67pts so once again it is going to be a close finish.

Finally a quick note about a point's adjustment within the main body of the FNL competition. Back in December 2014 Maidstone Utd lost a Robert Dyas League Cup game against Tonbridge Angels 4-0. Tonbridge Angels were then removed from the competition for playing an ineligible player. As the game was a third round tie Tonbridge were awarded 25pts for reaching the quarter final of the competition. I have removed those 25pts from Tonbridge and given them to Maidstone Utd. The points for the actual game stay with Tonbridge because the has not been replayed. This points change has been done in the month of December 2014.
