Up to and including
SATURDAY 9TH MAY 2015

Today's update covers the seven day period between Sunday 3rd May 2015 through to Saturday 9th May 2015. In today's update we take our final look of the season at the substitute comparisons.

In total there were only five games played over the seven days that this update covers. They were all play-off games and in total there were 86pts. Only one team out of the 1,856 teams in this season's FNL managed to score 86 and that was BD13 Park Avenue. They are currently 775th in the main FNL table. As I have already mentioned in past updates this season's FNL competition should finish after the final whistle of the Vanarama Conference Premier Play-Off final between Bristol Rovers and Grimsby Town and the Ryman Premier Play-Off final which is also being played this afternoon.

The figure after your team name will be either a plus or a minus which will be the figure that tells you whether you are better off or worst off because of your changes.

Silver Fox FC +524pts, Ashburton Villa +32pts, Ashburton Town +729pts, Jamelgina FC +180pts, Jo-Dea United +7pts, Ks Table-One +382pts, Jادكارلان +559pts, Newgale Beach +395pts, Gorselands +324pts, Anchor Beach +575pts, Askerswell +91pts, Riviera Glimpse +301pts, Tamarisky +695pts, Upcott Exiles -198pts, Dingle Den +598pts, FC Ashburton +300pts, Ashburton Celtic +690pts, Ashburton +432pts, SpencecorDillon +468pts, Porthgain Sloop +834pts, Castle Haven +289pts, Ringstead Bay +558pts, Fortune Cove +653pts, Eype Beach +500pts, AFC Ilson Magic +114pts.

Four months have now passed since your substitutions kicked in and the team that has benefited the most from making changes is Tommy Cliff who are 920pts better off. At the other end of the scale the team that has the highest negative score is still for the fourth month running Most Improve XI who is -651pts worse off. On the team front of things the top team in each league since 1st January 2015 when your subs kicked in is as follows.

Vanarama Conference - Wrexham 373pts, Vanarama North - Barrow 377pts, Vanarama South - Boreham Wood 337pts, Evo-Stik Northern Premier - FC United of Man 471pts, Ryman Premier - Grays Athletic 415pts, Evo-Stik Southern Premier - Poole Town 498pts, The Mixture - Folkestone Invicta 449pts. Bottom club from the whole FNL league structure since the subs kicked in is Brigg Town (The Mixture) -94pts.
