Up to and including
SATURDAY 17TH OCTOBER 2015

Welcome to the latest update of Fantasy Non-League 2015/16. Today's update covers the period Sunday 11th October 2015 through to Saturday 17th October 2015.

It's hard to believe that we are already halfway through the month of October 2015. Through the FNL Helpdesk this week I have been asked when you can make any substitutions. You only have one opportunity to make any changes and that is Thursday 31st December 2015. You can change up to three teams and details of what you need to do will be published during the month of November.

The main FNL 2015/16 table is now starting to take shape. Leading the way is City Exiles who have gathered 7,681pts so far this season and they are currently 52pts ahead of second placed Pargyle and 60pts ahead of third placed Meat Fan City 2. The top ten is covered by only 116pts. The top twenty-five is covered by 205pts and the top 100 is covered by 441pts.

The bottom is also becoming quite interesting. Currently sitting in bottom place is Just Ros with 2,211pts they are 86pts adrift from their nearest rival Kin LL. The bottom five is covered by 145pts and the bottom twenty-five is covered by 322pts.

Finally, before I finish this week another reminder about FNL Mini-Leagues. I am currently running two on my website. They are for St Albans City supporters and one for a bunch of Havant & Waterlooville fans. The mini-league is a service I offer for free. So if there is a few of you competing against each other and you would like me to do the work for you then please get in touch with the FNL Helpdesk.
