# WIN £5,000

# Weekly update

Up to and including  
**SATURDAY 15TH NOVEMBER 2015**

Welcome to the latest update of Fantasy Non-League 2015/16. Today's update covers the period Sunday 8th November 2015 through to Saturday 14th November 2015.

In this week's update seven of our competitors have reached the major landmark of 10,000pts. Our leader Pargyle has scored 10,118pts and is only 5pts ahead of joint second placed City Exiles and Meat Fan City 2. They are 49pts ahead of fourth placed Spyway Hill. The top ten teams are covered by only 187pts. To give you some idea of how close it is at the top have a look at the top three's weekly scores. This week Pargyle managed 717pts, City Exiles scored 679pts and Meat Fan City 2 compiled 658pts. But last week ending Saturday 7th November the weekly scores were the other way round with Meat Fan City 2 scoring 419pts, City Exiles managing 351pts and Pargyle getting 369pts for that week.

At the bottom is Just Ros who has only scored 3,057pts and that puts them 7,061pts behind our leader. Our bottom team Just Ros are now 125pts adrift from their closest rival Kin LL. The bottom ten is covered by 432pts, so it is not as close at the bottom as it is with our top ten teams.

Finally, a quick bit of info for those of you who are counting all your points. It concerns the game between Kingstonian and Farnborough. This game was the third round of the Robert Dyas League Cup. Kingstonian won the game 2-1 and that win has put them into the quarter-finals of that competition and because of that they receive 25 bonus points.
