

# Weekly update

Up to and including  
SATURDAY 12TH DECEMBER 2015

Welcome to the latest update of Fantasy Non-League 2015/16. Today's update covers the period Sunday 6th December 2015 through to Saturday 12th December 2015. This is the first week of this FNL season where we have had a problem with the weather. It has especially hit the Evo-Stik Northern fixtures.

As you are reading this week's update you are only eleven days away from the substitution deadline. Below is another run through all the details you need to inform of the changes you would like. The letters, e-mails and texts are starting to come in now. I always enjoy this time of the year as I get to see who you want to remove and replace them with.

You can substitute up to a maximum of three teams at midnight on Wednesday 31st December 2015. You can only use the teams that you put on your FNL entry form back at the start of this season's competition. Between Tuesday 1st December 2015 and Wednesday 31st December 2015 you need to send me the changes you wish to make. Your changes must be in writing and you can either send them to me via e-mail to [fnl07544@btinternet.com](mailto:fnl07544@btinternet.com), text to 07909993854 or by post to FNL Substitutions, 4 Wightmans Orchard, Piddletrenthide, Dorchester, Dorset, DT2 7QQ. Please note I cannot receive your substitutions over the phone or via the paper. If you have forgotten your subs, please get in touch with me and I will let you know your choices.

If this is your first season with us here is a quick explanation on how the subs work. First of all, you can change up to three subs only. You can change any team in any league it does not have to be from the same league. So how does this work. Let's say you want to make the following change. Take out Forest Green Rovers and replace them with Lewes. The score that Forest Green Rovers have at the end of play on the 31st December 2015 is frozen into your main score and then any points that Lewes score from 1st January 2016 onwards become yours.
