

# Weekly update

Up to and including  
SATURDAY 26TH DECEMBER 2015

Welcome to the latest update of Fantasy Non-League 2015/16. Today's update covers the period Sunday 20th December 2015 through to Saturday 26th December 2015. First things first can I wish you all a very Happy New Year.

As you are reading this week's update not only have we entered the month of January we have passed the substitution deadline. All your changes are now with me and I now have to start making those important changes. Of course the big question is have you made the right choices? Or should you have stuck with what you had? Only time will tell.

It may take me a couple of weeks to get your subs into place so please bear with me. Though I can assure you all your changes will be in place by the end of January 2016. Though going on past seasons I may have everything sorted inside two weeks. Next week I will release a Team Totals page for the end of December 2015 which will give you the team totals up to that date so you can see how many points your removed teams had scored up to and including the final day of December. Finally, while on this subject, like past seasons I will be offering you the opportunity to find out how you would have done if you hadn't made those changes. If you would like to be part of that please contact the FNL Helpdesk.

Of course we have also now past the end of the month of December. As you can see below in this update which has still five days to run it is quite tight at the top of the December Manager of the Month table. Fingers Crossed! Are leading the way and they are just 20pts ahead of second placed Chapel Ramblers and 27pts ahead of third placed 1 Under Par. At the bottom is AllMost 200 who are currently 47pts adrift at the bottom from their nearest rivals Mill Lane United.
