

Weekly update

Up to and including
SATURDAY 26TH MARCH 2016

Today's update covers the seven-day period between Sunday 20th March 2016 through to Saturday 26th March 2016.

As you are reading this week's FNL update we have slipped into the month of April 2016. Which is of course the final Manager of the Month of this season's Fantasy Non-League. But because this update covers up to Saturday 26th March 2016 we don't know who has won the March 2016 Manager of the Month. So let's take a look at who is in the running for the March 2016 prizes. With a full Easter Monday fixture list last Monday, we still have a lot of points up for grabs.

So leading the way at the moment in March 2016 is Sarum Potters who have so far gathered 2,127pts, they are only 13pts ahead of second placed Bashlers and only 23pts ahead of third placed Passing Ghosts. The top ten in the month of March 2016 is only covered by 95pts.

At the bottom in March 2016 where £50 is up for grabs we have Reece Rovers FC holding everyone else up with 883pts. They are only 16pts adrift from Elementary Bud and Get Rid of It. And the bottom five is covered by 66pts,

Don't forget that it is only the actual results in the final five days of March 2016 that will determine our winners as the end of the month's bonuses only count in the main total and not the monthly totals.

Finally, if you would like to be included in next month's substitute comparison article then please contact the FNL Helpdesk.
