

# Weekly update

Up to and including  
SATURDAY 17TH DECEMBER 2016

Welcome to the latest update of Fantasy Non-League 2016/17. Today's update covers the period Sunday 11th December 2016 through to Saturday 17th December 2016.

Well we are fast approaching the end of December and of course the end of the year. Have you sent in your subs? Or are you still trying to decide. I think this season is one of the hardest to choose who to put in and who to take out. In the National League Premier Division, you have teams like Wrexham who are not having a great season. York City are also struggling and quite a few of you have already asked me to remove them.

Northwich Victoria are another side who are leaving your teams at a great speed. They had a great season last season scoring a total of 1,419pts which was the most by any team in last season's FNL. This season as we reach the halfway stage they have only scored 132pts. At this time last season, they had reached 720pts quite a difference.

So, you now have just five days left to make those changes. Send the changes you want to make to the FNL Helpdesk either by e-mail, text or by post to FNL Substitutions, 4 Wightmans Orchard, Piddletrenthide, Dorset, DT2 7QQ. Please don't send any before the 1st December 2016 and please don't send any of your changes to the paper.
