

# Weekly update

Up to and including  
SATURDAY 28TH JANUARY 2017

Welcome to the latest update of Fantasy Non-League 2016/17. Today's update covers the seven-day period Sunday 22nd January 2017 through to Saturday 28th January 2017.

This update is just three days away from the end of January 2017. So, who is in the running for the Manager of the Month money for January 2017. Well leading the way is Carry On Dick who has so far, this month scored 2,412pts. They are a solid 102pts ahead of second placed Buster 31 and 141pts ahead of third placed Jennie's Allstars. The top ten teams are covered by 197pts so it could still be very interested.

At the bottom this month where of course £50 is up for grabs. Newlawn Rangers is bottom of the pile with 694pts. They are 27pts adrift from their nearest rival AFC Last. The bottom ten is covered by 92pts so the run for the bottom place is a little tighter.

In two weeks' time, I will be running our first substitution comparison article. This is where you can see how you would have been doing if you hadn't made those changes. So, did you make the right choices? Should I have left in that one and withdrew this one? Well if you would like to find out how your changes have effected your team please get in touch with the FNL Helpdesk.
