Up to and including
SATURDAY 25TH FEBRUARY 2017

Welcome to the latest update of Fantasy Non-League 2016/17. Today's update covers the seven-day period Sunday 19th February 2017 through to Saturday 25th February 2017.

With just three more days to go until the end of our next FNL Manager of the Month, I thought I would take a quick look at who is the running for the month of February's cash. Leading the way with just three days to go is Harvey Ship 3 who have so far this month scored 2,391pts. They are sitting 118pts ahead of second placed Carry On Dick who won the January 2017 Manager of the Month and 160pts ahead of third placed Winchester Exile. The top ten in the February 2017 Manager of the Month table is covered by 233pts so looking at it the second position this month is still certainly up for grabs.

At the bottom where we have £50 up for grabs again this month we have Sams Booby Boys at the bottom with 709pts. They are currently only 8pts adrift from both Yorkidding and Yab Toulouse. The bottom ten is very tight with only 51pts separating them. Could be a very exciting finish at the bottom.
