

Weekly update

Up to and including
SATURDAY 15TH APRIL 2017

Welcome to the latest update of Fantasy Non-League 2016/17. Today's update covers the seven-day period Sunday 9th April 2017 through to Saturday 15th April 2017.

Here is another look at the details for the run in of the 2016/17 FNL Season. The Evo-Stik Northern Premier, Ryman Premier, Evo-Stik Southern Premier and The Mixture finish all their fixtures including most of the play-offs by the end of April 2017. So, those fixtures will all play a part in the April 2017 Manager of the Month which is of course is the final mid-season award. The National Leagues play-offs will run into May 2017.

The end of the competition will be after the final whistle of the FA Trophy Final on Sunday 21st May 2017 and that is when all the End of Season Bonuses will be added and our main winners will be announced.

Still leading the way in the main FNL league table is Carry On Dick with 21,000pts he is currently 255pts ahead of second placed Jennie's Allstars and 315pts ahead of third placed City Exiles. It does look as though our top two have most of the main league winners so it is all going to depend on how their other teams perform. For example, over this past seven days Carry On Dick scored 442pts and Jennie's Allstars scored 374pts so our leader gained 68pts over his nearest rival.

At the bottom, it is still Richard's Losers with just 7,198pts. They are 147pts adrift from his nearest rival DeeJay Losers. Our bottom team had a great week scoring only 146pts and DeeJay scored 251pts so Richard's Losers gained 147pts on his nearest challenger.
