Up to and including
Saturday 28th October 2017

Welcome to the latest update of Fantasy Non-League 2017/18. Today's update covers the period Sunday 22nd October 2017 through to Saturday 28th October 2017.

Well as you are reading this the month of October 2017 has passed and we are into November 2017. But after today's update we still have three days of October to worry about. Both ends of this month's Manager of the Month table is very tight indeed. At the top is Gunstone1Win with 2,515pts they are just one single point ahead of second placed Jerry Hattrick FC and only 17pts ahead of third placed Tin Shed Seven. The top ten of the October 2017 Manager of the Month is covered by only 50pts so it could be a very interesting finish.

At the bottom of the October 2017 Manager of the Month table it is even more close. We have joint bottom teams now with Booby Briggers and Notts Losers both sitting on 847pts. They are just 3pts adrift from their nearest rival Parbold Carlol. The bottom ten teams are covered by 97pts.

So find out in next week's update who has won the cash in the second Manager of the Month of this FNL 2017/18 season.
