**Up to and including
SATURDAY 7TH APRIL 2018**

Welcome to the latest update of Fantasy Non-League 2017/18. Today's update covers the period Sunday 1st April 2018 through to Saturday 7th April 2018.

In today's update, we take our third look of the season at the substitute comparisons. What I have done here is I have kept the original spreadsheet without any changes on it and that is running alongside the spreadsheet with the subs activated. That means I can tell you how you would have done if you hadn't made any changes at the turn of the year. If you want to join moving forward contact the FNL Helpdesk.

The figure after your team name will be either a plus or a minus which will be the figure that tells you whether you are better off or worst off because of your changes.

Jamelgina FC +710pts, Jo-Dea United +385pts, El-Sienna FC +112pts, Upcott Exiles +314pts.
Clouds Hill +167pts, Dyrham Park +223pts, Lacock Abbey +281pts, Pepperbox Hill -181pts.
Kingston Lacy +145pts, Duck Pool -71pts, Lytes Cary Manor +185pts, Bossington +119pts, Tyntesfield -224pts.
Baggy Point +255pts, Soarin' Harriers +447pts, Scorin' Harriers +71pts, Snorin' Harriers -131pts.

Fourteen weeks have now passed since your substitutions kicked in. The team that has benefited the most from their substitutions is now Oh Carol who are 1,038pts better off. At the other end of the scale the team that has the highest negative score since making their changes is Bernies All Scars who are -642pts worse off.
