

# Weekly update

**Up to and including  
SATURDAY 5TH MAY 2018**

Welcome to the latest update of Fantasy Non-League 2017/18. Today's update covers the five-day period Tuesday 1st May 2018 through to Saturday 5th May 2018.

In today's update, we take our fourth and final look of the season at the substitute comparisons. What I have done here is I have kept the original spreadsheet without any changes on it and that is running alongside the spreadsheet with the subs activated. That means I can tell you how you would have done if you hadn't made any changes at the turn of the year. If you want to join moving forward contact the FNL Helpdesk.

The figure after your team name will be either a plus or a minus which will be the figure that tells you whether you are better off or worst off because of your changes.

Jamelgina FC +1,040pts, Jo-Dea United +480pts, El-Sienna FC +171pts, Upcott Exiles +307pts.  
Clouds Hill +401pts, Dyrham Park +214pts, Lacock Abbey +294pts, Pepperbox Hill +4pts.

At the other end of the scale the team that has the highest negative score since making their changes is Hoof Hearted who are -722pts worse off.
