Up to and including
SATURDAY 15TH SEPTEMBER 2018

Welcome to the second update of a new season of Fantasy Non-League. Today's update covers the period Sunday 9th September 2018 through to Saturday 15th September 2018. In today's update, you learn how you can discover your points total and place in this season's competition if you don't have access to the internet. Also, news on FNL Mini-Leagues.

First of all, today please note that there was an error in the first update which I picked up quite quickly thanks to one of my great players who counts his points through the season. It was an error in one of my spreadsheet formulas. So, at first online the player team totals were incorrect. I have now sorted this and everything should be right now moving forward.

If you have no access at all to the internet I am happy to supply a text service every two or three weeks with your position in the FNL table and the points you have scored. Please can I ask that as I do this competition all by myself that you only request the text service if you have no access to the internet at all. It is not possible for me to do hundreds of texts. If you would like to take advantage of the text service, please send a text to the FNL Helpdesk with team name and surname please. Over the last few years I have run a number of FNL Mini-Leagues. These mini-leagues are updated every two to three weeks and appear on my own fantasy website. So, if there are a number of you involved in the fight for FNL supremacy then why not ask me to run you a mini-league. I do it free of charge. An example of what I mean is I have a couple mini-leagues that have run for a few years now they are a set of St Albans City supporters and Havant & Waterlooville supporters. If you would like to have you own FNL Mini-League, then again please get in touch with the FNL Helpdesk.
