Up to and including
SATURDAY 12TH JANUARY 2019

Welcome to the latest update of Fantasy Non-League 2018/19. Today's update covers the period Sunday 6th January 2019 through to Saturday 12th January 2019. As we have now passed into January 2019, we have of course passed the substitution deadline. I am very busy sorting your changes out so please be patient. My life has changed slightly after my move so it is going to take me slightly longer to sort everyone's changes out. I am working full time. If your subs have been done you will have a [S] after your team name. All changes will be in place by the end of January 2019, so please don't contact us until then or when I announce all changes are done whichever is earliest. Please can I ask you to be patient. If you posted or texted your subs, they are all done. As I move the e-mails, I will send you an e-mail to confirm receipt.

I have been asked through the FNL Helpdesk about a couple games. So, I thought I would share the answers via this update. Both games are from the FA Trophy. First is the Weymouth v Needham Market game. Now due to Needham Market's decision to withdraw from the competition Weymouth were awarded a walkover into the next round. No points were awarded in this case because the game was not played. The other game was Bromley v Sutton Utd which Bromley won. They were then withdrawn from the competition for playing a illegible player and Sutton Utd re-instated. However, this competition is based on results so Bromley keep the points. I hope that clears things up.

Again, this season I will be running a substitution compassion once a month starting in early February 2019. What I do is run a second FNL spreadsheet without your subs and then let you know how you would have done if you hadn't made those changes. If you would like to be part of this please send me an e-mail to the FNL Helpdesk or text me.
