SATURDAY 12<sup>TH</sup> OCTOBER**

Welcome to the latest update of Fantasy Non-League 2019/20. Today's update covers the period Sunday 6th October 2019 through to Saturday 12th October 2019.

As we are now into the month of October 2019, I thought I would take my first look at how the main FNL table is taking shape. We are now two months into the season and like other seasons we are going to have a great ride.

Hornby 443 are currently leading the main FNL 2019/20 table. So far, they have scored 5,713pts. They are 79pts ahead of second placed Plainmoor Gulls and 120pts ahead of third placed KSCFC. The top ten is currently covered by 234pts and the top 50 is covered by 440pts. Last season's champion Stafford 4 Ever

**By Ian White**

has made encouraging start. He is currently sitting in 13th position with 5,430pts and is at the moment just 283pts behind our current leader.

At the bottom which is to be honest my favourite part of

FNL because I believe it is the hardest to win.

Trapdoor Utd is firmly in bottom

place with just -229pts. They

are a massive 295pts adrift

from their nearest rival Calamity Keir. The bottom ten is covered

by 548pts.

Finally, FNL Mini-Leagues are now on-line. Remember if there is a number of you competing against each other and you would like your own FNL Mini-League then please get in touch with the FNL Helpdesk. It won't cost you anything.
