WEEKLY  
UPDATE

UP TO AND INCLUDING  
SATURDAY 19<sup>TH</sup> OCTOBER

Welcome to the latest update of Fantasy Non-League 2019/20. Today's update covers the period Sunday 13th October 2019 through to Saturday 19th October 2019.

I thought this week we would have a look at the actual teams involved in this season's FNL. I am going to do the first four leagues this week and the remainder in a couple of weeks.

The National Premier League is headed by Bromley in the FNL but they are second in the real world. FC Halifax Town are top of the league in the real world and they are second in the FNL table. Third in the FNL table is Notts County who are fifth in the real-world table. At the bottom in the FNL is Ebbsfleet Utd and that is repeated in the real world. National League North (FNL) is lead by York City and that is the same in the real world. FNL second is Boston United who are eleventh in the real world. Third in the FNL is Gateshead who are ninth in the real National League

North. At the bottom of the FNL table is Bradford Park Avenue but they are not bottom in the real world that honour goes to Kettering Town.

In the National League South, the FNL and real world table have Wealdstone on top. Second in the FNL table are Havant & Waterlooville who are fifth in the real world. Maidstone Utd are third in our league but in the real world they are down in tenth position. At the bottom of the FNL table is Hungerford Town but that feat is not repeated in the real world as St. Albans City hold everyone else up.

Finally, this week we have the Northern Premier League on top in both the FNL and real world is South Shields. Second in FNL is Whitby Town but they are sitting eighth in the real world league. FNL's third team is Warrington Town and they are fourth in the real world.
