UPDATE**

SATURDAY 23RD NOVEMBER**

Welcome to the latest update of Fantasy Non-League 2019/20. Today's update covers the period Sunday 17th November 2019 through to Saturday 23rd November 2019.

As you are reading this week's update we have moved into the month of December 2019. So, in today's update we are first of all going to look at who is in the running for the November 2019 Manager of the Month and following that I will go into the details you need to activate your substitutions at the end of this month.

With seven days to go Colston-Aremeli are top of the November 2019 Manager of the Month table with 1,345pts they are 36pts ahead of second placed Charlies Angels and 80pts ahead of third placed TheOldKitManBaz. The top ten is covered by 127pts so my guess would be that any of those top ten could well be in the running for top spot come the end of November 2019. At the bottom it is not quite so tight. Calamity Keir are bottom with 128pts and they are 67pts adrift from their nearest rival Robins Rubbish. The bottom ten teams are covered by 158pts.

So, guys, did you pick the right teams? I bet a lot of you were already thinking about making your subs back in

By Ian White

September. Well it will soon be time to send in your substitutions. The window for your subs opens today Sunday 1st December 2019 and all your substitution requests must be with me here at FNL Towers by midnight on Tuesday 31st December 2019. Your changes will be activated on Wednesday 1st January 2020.

Now remember you can only make up to three substitutions and those three teams must have been included on your entry form back in August at the start

of the season. Your changes do not have to be like for like as far as the leagues are concerned. For example, you can remove a National League Premier side and replace them with a team from The Mixture if you so wish. So, if you are new to FNL this season this is how the subs work. If you remove Dover Athletic from your team and replace them with say Dartford. All the points Dover have scored up to midnight on the 31st December 2019 are frozen in your team calculations and then every point Dartford score from the 1st January 2020 up to the end of the season become part of your main score.

Please Note: You can change your Jokers, but if you do this will count as one

of your substitutions.

So, after reading this you are sat there thinking why I should bother to change anything when I am sat in 1,202nd in the main FNL table. Well a good reason could be if you make the right changes you could pick up a FNL Manager of the Month award in the New Year!! Also, remember that you can pick up £50 for finishing bottom each

month. So, if you are nearer the bottom then the top then make some changes that might give you the chance of finishing bottom.

Finally, send the changes you want to make to the FNL Helpdesk either by e-mail, text or by post to FNL Substitutions, Flat 14 Chataway House, Leach Road, Chard, Somerset, TA20 1GH. Please don't send any of your changes to the paper.

Please Note:
The Scottish
Challenge Cup that
Wrexham and Solihull
Moors are
featuring in this season
is not included in
the 19/20 Fantasy
