UPDATE**

**UP TO AND INCLUDING
SATURDAY 11TH JANUARY**

Welcome to the latest update of Fantasy Non-League 2019/20. Today's update covers the period Sunday 5th January 2020 through to Saturday 11th January 2020.

First of all, As we have now passed into January 2020, we have of course passed the substitution deadline. I am pleased to announce that I have activated all your substitutions. If your subs have been done you will have a [S] after your team name. If your team hasn't got a [S] after it and you have sent your subs in please get in contact with the FNL Helpdesk.

Of course, as normal we move into January and all the clubs you have subbed

By Ian White

out start to perform. It seems to be the same every season. Talking of every season I will again be running the substitution comparison exercise once a month. Basically, I have

saved a copy of the main FNL spreadsheet on the 31st December 2019 before I made your changes. So that saved spreadsheet will run alongside the spreadsheet

with the subs activated and we will be able to tell whether or not you made the correct decision to use your subs.

If you would like to included in the sub comparison then please contact the FNL Helpdesk.
