WIN £5000

2019/20

WEEKLY UPDATE

UP TO AND INCLUDING SATURDAY 14TH MARCH

Welcome to the latest update of Fantasy Non-League 2019/20. Today's update covers the period Sunday 8th March 2020 through to Saturday 14th March 2020.

With the suspension of all Non-League football for the foreseeable future due to the Coronavirus it has been decided to suspend this season's Fantasy Non-League competition. The competition will commence again once the non-league football world starts playing again which fingers crossed won't be too long. Today's update will be the final one until we are up and running again.

I thought this week as this is the final update for a while we should take

another look at the main FNL table. We have a new leader this week. AsaS HORNETS has pulled themselves to top spot. They have 12,851pts and they are just 21pts ahead of second placed CHUNKIE GRANDPOPS and 125pts ahead of third place FIRE-FLY'S FLYERS. The top ten is covered by just 375pts so I think I can safely say that this season's Fantasy Non-League is going to be the tightest yet.

At the bottom of the table is CALAMITY KEIR with 1,095pts. They are 128pts adrift from their nearest rival TRAPDOOR UTD. The bottom ten teams are covered by 792pts so it is not so tight at the bottom.
